Sahil Dhiman

BANGLORE | +91-9015130859 | sdhiman1509@gmail.com

Objective

To secure a challenging position in the field of computer science that fosters continuous learning and enables me to apply my skills to contribute to organizational growth and success.

Education

Masters of Computer Applications (MCA)   **NOV 2021- NOV 2023**

Amrita Vishwa Vidyapeetham

CGPA – 8.1

Bachelor of Science (B. Sc)   **2017-2020**

Lyallpur Khalsa College, Jalandhar

Percentage – 60.6

Projects

TECH INTERN (REVEZA)   **AUG 2024 - Present**

- Act as the primary point of contact for company clients, ensuring clear communication and timely resolution of concerns.
- Coordinate with clients to identify system enhancements and troubleshoot technical issues, delivering solutions that benefit both the company and its customers.
- Successfully complete assigned tasks on time while proactively offering improvements to optimize processes.
- Engage with customers to gather feedback and explore opportunities for enhancing service quality.
- Continuously strive to align client needs with company goals, fostering mutual growth and satisfaction.

- Integrated client feedback to **optimize services** and align them with user needs for better satisfaction and retention.

Skyscanner Front-End Software Engineering Virtual Experience (FORAGE)

- Participated in a job simulation, building a web application for selecting travel dates using React and Skyscanner's Backpack library.
- Utilized MongoDB Atlas for efficient data storage and retrieval.

Citi's Technology Software Development Virtual Experience (FORAGE)

- Completed a job simulation involving hypothetical tasks to improve Citi's loan management system and stock market risk reporting
- Created a state diagram of the loan management process using the Unified Modeling Language
- Researched potential machine learning systems to assess credit risk and provided recommendations for next steps

J.P. Morgan Software Engineering Virtual Experience (FORAGE)

- Set up a local development environment and successfully fixed broken files to ensure correct web application output.
- Integrated J.P. Morgan's Perspective library to create a live data visualization graph for traders.

Certifications

- **Coursera (META) |** Frontend Developer Professional Certificate
- **Elements of AI |** Introduction to AI
- **GCCP |** Introduction to Generative AI Learning Path
- **IBM |** Artificial Intelligence Fundamentals
- **IBM |** Cloud Computing Fundamentals
- **IBM |** Python 101 for Data Science

Technical Skills

- Programming Languages: Python, JavaScript
- Web Technologies: React, Node.js, Express.js, HTML, CSS
- Databases: DBMS, PostgreSQL, MongoDB Atlas
- Tools: Git, Visual Studio Code

Soft Skills

- Strong problem-solving and analytical abilities
- Effective communication and teamwork
- Leadership and time management

Languages

- English (Conversational)
- Hindi (Fluent)
- Punjabi (Fluent)

Interests

- Photography
- Travelling
- Listening Music

Declaration

I hereby declare that the above-mentioned information is correct and true to the best of my knowledge and beliefs.
